# About Us

We are a company with over 3 years of experience in import/export and food production, with consolidated operations in Europe, the Asian market – with a particular focus on China – and in South America, with a strong presence in Brazil.

Over the years, we have consistently exported frozen and perishable products, building a solid network of partnerships with leading factories and producers.

Our reputation has also allowed us to join the advisory boards of some of the largest dairy producers in Europe.

## Our Signature Product

We have developed **Mozzapol**, a mozzarella unique to the Italian market:

- Polish milk and production, ensuring consistent quality and industrial reliability;
- Fresh mozzarella fragrance, with a milky and authentic taste;
- Superior baking performance: on pizza it looks creamy, uniform, and inviting – both to the eye and the palate;
- Economic advantage for wholesalers, with a competitive price that guarantees immediate savings without compromising quality.

# Visual Comparison

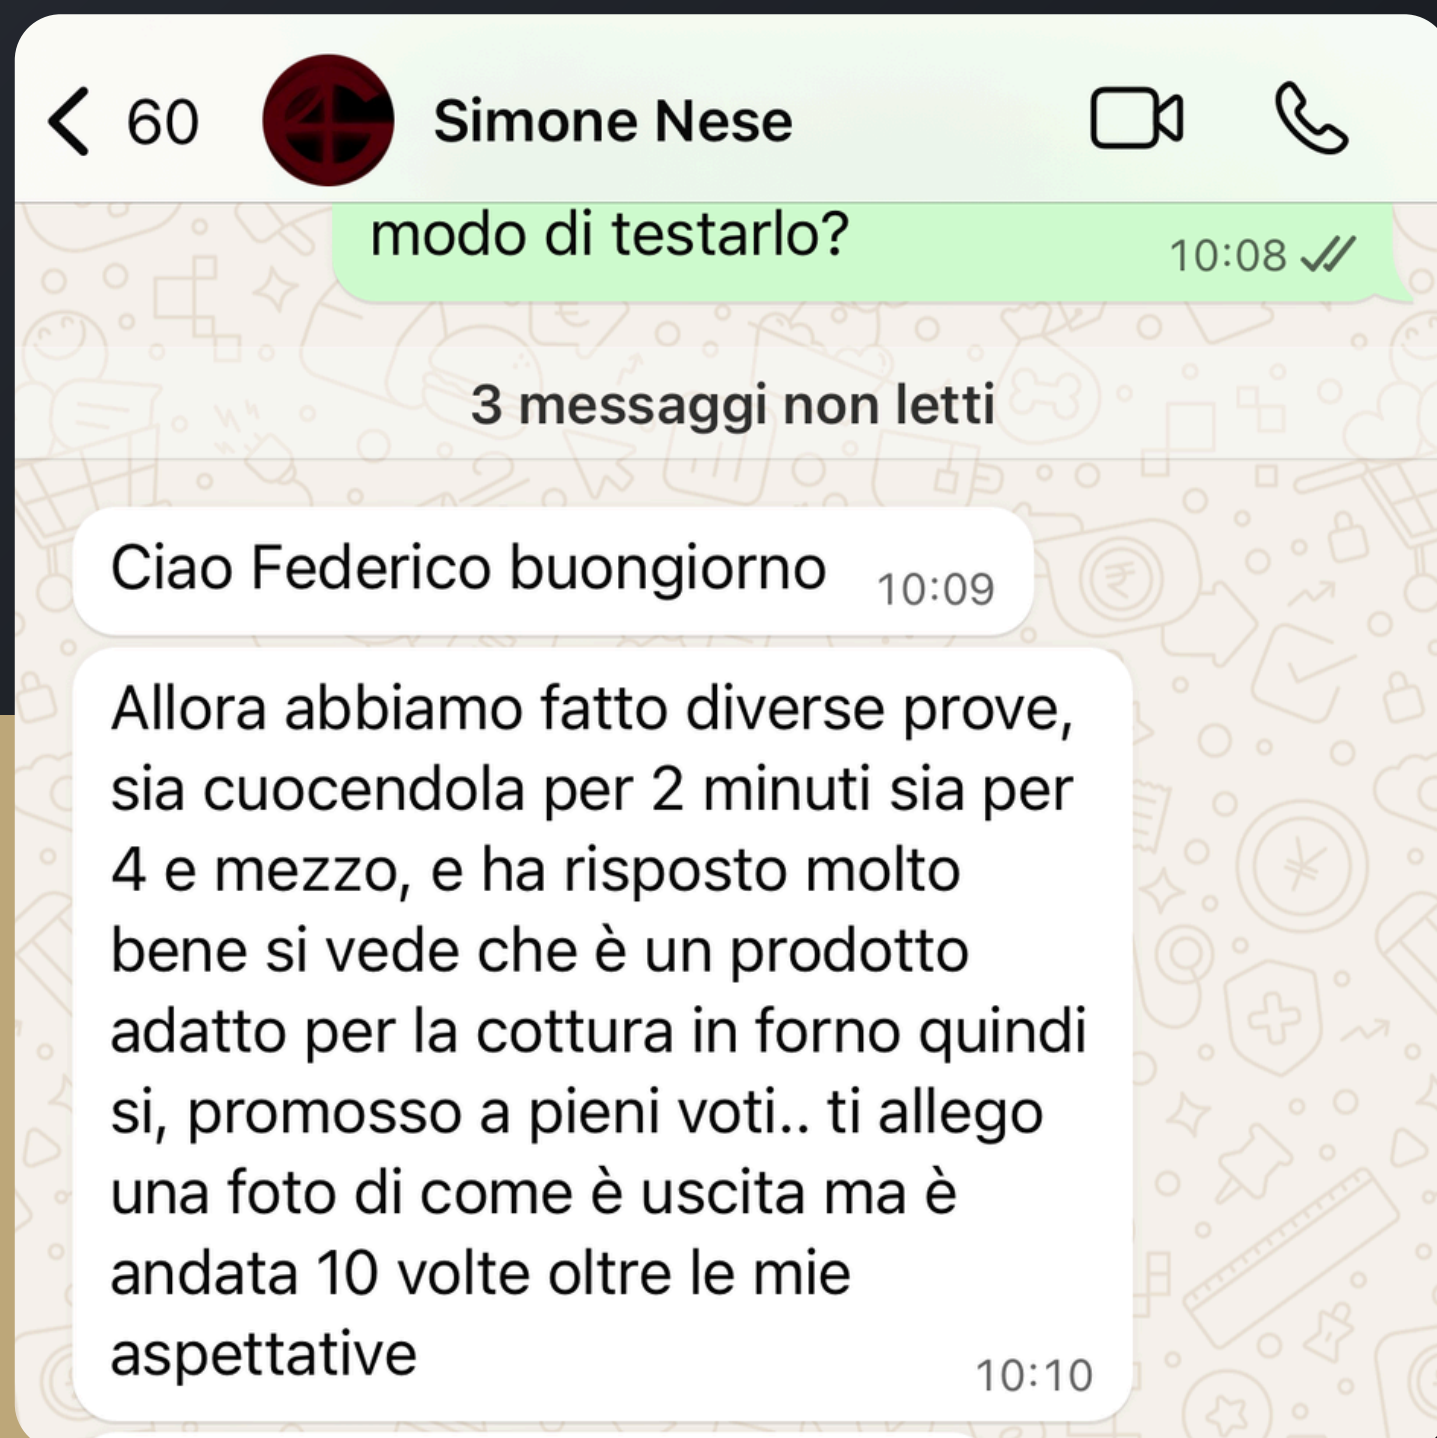

- **Goldsteig - Europe's Best Seller**  
Transparent after baking, poor visual yield.

- **Mozzapol**  
Fresh appearance, uniform coverage, maintains structure.

# Customer Testimonial

“ We carried out several tests, baking it for both 2 minutes and 4 and a half.  
It performed very well, proving to be a product perfectly suited for Roman-style pizza.  
Rated with full marks: it exceeded my expectations tenfold.”

— **Simone Nese, owner of a Roman style pizza franchise**
